FALL PASTIME
AGENT DESCRIPTION FORM

NAME OF AGENT: CALESA 8 (e)

Date: 1 May 1948

Case Officer: []

I. INTELLIGENCE VALUE

A. Field covered now; value of such coverage

By far the greatest share of this agent's reports has been on economic questions concerning Saxony-Anhalt. By virtue of his official position he has had access to much statistical material on production, manpower, raw materials, reparations, industrial planning, etc. He has been encouraged to keep himself to this field, but has now and then also picked up some political information. There can hardly be any question regarding the worth of such documentary economic intelligence as CALESA 8(e) has provided for us.

B. Fall Pastime field and value

Whether or not CALESA 8(e) continues to hold the same position he has at present, he will doubtless be in close touch with economic affairs of the province. He has been trained and tested for doing this work of intelligence gathering and will undoubtedly be prepared to carry on by means of direct observation or the use of contacts. He understands accounting and business administration.

II. OPERATIONAL CONSIDERATIONS

A. Present cover

1. Employment - Associated with the Industrial Planning Section of the Saxony-Anhalt Ministry for Industry and Transport. Works on the preparation of planning and progress charts and graphs.
2. Residence circumstances - Resides in a suburb of Leipzig, is employed in Halle. Spends only weekends and holidays at home; lives as roomer in Halle throughout work week.
3. Social - Seems to lead a normal social life within a restricted circle of friends, including some amateur painters.

4. Financial - Has never appeared to be pressed financially. Does not possess any independent reserve.
5. Political - Has no political affiliation and has so far resisted efforts to bring him into the SED.

B. Estimate of willingness and ability to fill the following roles under Fall Pastime

CALESA 8(e) would likely be willing to undertake one of several assignments. The most promising would, of course, be to continue as an agent. He might, however, be suitable timber for the purpose of heading a chain. He could also be used as a cutout, but since he is in a position to gather intelligence himself, it would seem to be a waste to employ him as a cutout only. This agent tends to be more daring than some, but his security is good. The Case Officer will explore this entire question with the agent at the time of his next visit to Berlin.

III. TECHNICAL DETAILS CONCERNING RECONTACTING

A. How to contact, i.e., by phone, letter, etc.

Some individual should call on CALESA 8(e) over a weekend at his home near Leipzig. He should say that he was sent by []

B. Code word or the like to be used in contacting

To prove that he comes in good faith he can tell CALESA 8(e) that his code name is "VEIT". He can further satisfy the agent by citing the Berlin telephone No. 84-6331.

C. Means of investigating Subject before contact

To investigate Subject before recontacting, the person attempting to contact may call on Frau Reni SULZER, living in Berlin-Charlottenburg, Kant Strasse 4 A, III, left.
